Business-to-business delivery | Business Parcel

Business Parcel | Business Parcel Bulk

Business-to-business parcels with delivery to the recipient's door.

1. DESTINATIONS

Denmark, Sweden Norway, Finland
Europe and rest of the world (Business Parcel Bulk only to DE, EE, NL, IS, FO)

2. DIMENSIONS AND WEIGHT

Max. length 200 cm to Denmark, Sweden, Norway, Finland
150 cm to other destinations

Max. dim. Length + girth = 300 cm

Max. volume 0.25 m³ per parcel

Min. dim. 15 cm x 10 cm x 1 cm to Denmark, Sweden Finland
23 cm x 13 cm x 1 cm to Norway and other destinations

Max. weight 35 kg per parcel to Sweden, Denmark, Norway, Finland
30 kg per parcel to other destinations

For parcels longer than 120 cm, wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

4. DELIVERY

4.1 Delivery procedure

Delivery is carried out non-holiday weekdays between 08:00-16:00 in Denmark and Norway, and between 08:00-17:00 in Sweden and Finland. The shipment is delivered to the recipient's door, i.e., front door, gate or goods reception, against signature. In other countries, delivery is carried out according to local conditions.

4.1.1 Notification

Email or SMS notification can be added with the additional service E-Advising. The recipient is notified when the Customer has booked the shipment (EDI received), and when the shipment has been loaded for delivery. Shipments with E-Advising, also offer the recipient to select alternative delivery choices. If the Customer prefers not to allow such delivery choices to the recipient, this feature must be blocked with a supplementary additional service.

4.2 Recipient-selected delivery choices

4.2.1 Recipient-selected Flex Delivery

Delivery without the need for someone to be present to receive or sign for the shipment is available in Denmark, Sweden, and Norway. The shipment is placed at the door or another designated location at the delivery address and registered as delivered.

4.2.2 Redirect to pickup point

Change to delivery via service point or parcel locker is available in Denmark, Sweden, and Norway. The parcel is handed out according to the terms of the service PickUp Parcel, with some minor differences. When collecting the parcel at a service point in Denmark, the recipient is considered legitimate by simply presenting the parcel's pickup code. In Sweden, any person may collect the parcel by presenting the pickup code and valid ID, as business parcels are rarely addressed to a specific recipient.

4.3 Obstacles to delivery

4.3.1 Denmark, Sweden

If the shipment cannot be delivered, a new delivery attempt is normally carried out the next delivery day. Otherwise, the recipient will be notified and asked to book a new delivery attempt.

4.3.2 Norway

If the shipment cannot be delivered, delivery is made to a pickup point for hand-out to the recipient. Shipments of more than four (4) parcels cannot be delivered to pickup point and will be returned to the sender.

4.3.3 Finland

If the shipment cannot be delivered, two different procedures are applied:

- According to above as for Denmark and Sweden
- Delivery to a pickup point for hand-out to the recipient (distribution via external partner)

4.4 Storage time and return

4.4.1 Terminal

After two delivery attempts have been carried out, or if booking of a new delivery attempt has not been received within 14 days from the first arrival registration at the terminal, the shipment is sent in return, at the Customer's expense.

4.4.2 Pickup point

Parcels are normally held for collection for 7 days. Parcels not collected within this time frame are sent in return, at the Customer's expense.

Business-to-business delivery | Pallet

Business Pallet

Business-to-business pallets with delivery to the recipient's address. This service is a complement to the parcel services and is intended for lower quantities of EUR pallets, with a general limit of up to three pallets per delivery occasion and recipient.

1. DESTINATIONS

Denmark, Sweden, Norway (not quarter pallet), Finland
Rest of Europe (only EUR pallet 120 cm x 80 cm)

2. DIMENSIONS AND WEIGHT

2.1 Pallet

Max. dim. 120 cm x 80 cm x 200 cm (L x W x H)
Max. weight 750 kg per pallet

For Finland zone 2-5, a maximum height of 180 cm applies. See zoning in the standard price list for Business Pallet.

2.2 Half pallet

Max. dim. 80 cm x 60 cm x 150 cm (L x W x H)
Max. weight 400 kg per pallet

2.3 Quarter pallet

Max. dim. 60 cm x 40 cm x 120 cm (L x W x H)
Max. weight 200 kg per pallet

If incorrect pallet type is booked, it will normally be reclassified and charged as the correct pallet type based on dimensions and weight. For pallets exceeding the maximum dimensions or weight, a fee for exceeded service terms will be applied, which may also result in longer lead times.

3. FREIGHT CALCULATION

Shipping is calculated per pallet. Volume calculated weight is not applied.

4. DELIVERY

4.1 Delivery procedure

Delivery is carried out non-holiday weekdays between 08:00-16:00 in Denmark and Norway, and between 08:00-17:00 in Sweden and Finland. In other countries, delivery is carried out according to local conditions. The shipment is normally delivered at ground level to the recipient's goods reception or port. Delivery takes place against signature, which means that the person who receives the shipment shall confirm or state their name and sign for the shipment.

4.2 Recipient-selected delivery choices

4.2.1 Recipient-selected Flex Delivery

Delivery without the need for someone to be present to receive or sign for the shipment is available in Denmark, Sweden, and Norway. The shipment is placed at the goods reception/port or another designated location at the delivery address and registered as delivered.

4.3 Obstacles to delivery

4.3.1 Denmark, Sweden, Finland

If the shipment cannot be delivered, a new delivery attempt is normally carried out the next delivery day. Otherwise, the recipient will be notified and asked to book a new delivery attempt.

4.3.2 Norway

If the shipment cannot be delivered, the shipment is taken back to the terminal. The recipient is contacted by phone to agree on a new delivery attempt.

4.4 Storage time and return

After two delivery attempts have been carried out, or if the booking of a new delivery attempt has not been received within 14 days from the first arrival registration at the terminal, the shipment is sent in return, at the Customer's expense.

Business-to-consumer delivery | Parcel to pickup point

PickUp Parcel | PickUp Parcel Bulk

Business-to-consumer parcels with delivery via a service point or parcel locker. Seamless API integration allows for selection of pickup points nationwide across Denmark, Sweden, Norway, and Finland. Outside the Nordic region, delivery is made via local partners, either to a pickup point or to the recipient's address.

1. DESTINATIONS

Denmark, Sweden, Norway, Finland
Europe and rest of the world (PickUp Parcel Bulk only to DE, EE, NL, IS, FO)

2. DIMENSIONS AND WEIGHT

Max. length 200 cm to Norway, Finland
150 cm to Denmark, Sweden and other destinations

Max. dim. Length + girth = 300 cm

Max. volume 0.25 m³ per parcel

Min. dim. 15 cm x 10 cm x 1 cm to Denmark, Sweden, Finland
23 cm x 13 cm x 1 cm to Norway and other destinations

Max. weight 35 kg per parcel to Norway
25 kg per parcel to Finland
20 kg per parcel to Denmark, Sweden and other destinations

For parcels longer than 120 cm (100 cm to Finland), wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

4. SELECTION OF PICKUP POINT

For the service to be performed correctly and with high quality, it is crucial that the recipient's full address is provided accurately in the EDI, according to the recipient country's standard and format.

For parcels to Denmark, Sweden, Norway and Finland, a preferred pickup point, i.e. service point or parcel locker, shall be specified in the EDI and selected via API call to Bring's current database of pickup points. No separate API integration is required for parcels booked via Mybring. If no pickup point is provided, one will be assigned based on the recipient's address in the EDI. For parcels destined to other destinations, a pickup point will also be assigned based on the recipient's address in the EDI.

5. DELIVERY

Delivery is carried out non-holiday weekdays during daytime, to the selected or assigned pickup point. Delivery via parcel locker is available for parcels up to 58 x 49 x 43 cm in Denmark, Sweden and Norway, and 59 x 59 x 36 cm in Finland). The recipient is notified via SMS, email, or app when the parcel is ready to collect.

5.1 Delivery via service point

5.1.1 Denmark

The parcel is handed out to the recipient upon presentation of notification or pickup code, or against a QR code accessible through the recipient's user account in Bring's app. Another person may collect the parcel using the QR code, or by presenting the recipient's notification. ID shall be shown upon request.

5.1.2 Sweden

The parcel is handed out to the recipient upon presentation of notification or pickup code and valid ID, or only against a QR code accessible through Bring's app or web interface, after identification with Swedish BankID. Another person may collect the parcel using the QR code, or by presenting both their own and the recipient's ID.

5.1.3 Norway

The parcel is handed out upon presentation of pickup code. Another person may also collect the parcel by only providing the pickup code. ID does not need to be shown.

5.1.4 Finland

The parcel is handed out to the recipient upon presentation of notification or pickup code and ID. Another person may collect the parcel by presenting only their own ID. For letter-notified parcels, a signed power of attorney from the recipient is also required.

5.1.5 Other destinations

The parcel is handed out or delivered according to local procedures, either upon presentation of notification or pickup code and ID, the pickup code only, or against signature.

5.2 Delivery via parcel locker

5.2.1 Denmark, Sweden, Norway

The parcel is retrieved through the recipient's user account in Bring's app. In Sweden, identification with Swedish BankID is required to verify the account. Another person may collect the parcel if the recipient shares the parcel information via the app.

5.2.2 Finland

The parcel is retrieved by entering a notified PIN code at the parcel locker.

5.3 Recipient-selected delivery choices

5.3.1 Extended collection period at pickup point

Extended collection period for up to a maximum of 14 days is available in Denmark, Sweden, Norway, and Finland.

5.3.2 Redirect to home delivery

Change/upgrade to home delivery may be offered in Norway and Finland. In Norway, the parcel is delivered either against signature or, if the recipient chooses, outside the door without signature. In Finland, the parcel is always delivered outside the door without signature.

5.4 Collection period and return

Parcels are normally held for collection for 7 days. Parcels not collected within this time frame are sent in return at the Customer's expense.

6. ADDITIONAL SERVICES

Additional services	Destinations
Optional Pickup Point	Denmark, Sweden, Norway, Finland
Parcel Locker	Denmark, Sweden, Norway, Finland
ID Verification	Norway
Individual Verification	Norway, Finland
Cash On Delivery	Norway
Limited Quantities	Denmark, Sweden Norway, Finland
Cargo Insurance	All destinations (some exceptions)

7. OTHER

For parcels exceeding the maximum dimensions of weight, Bring reserves the right to charge additional fees. In Denmark and Sweden, such parcels may be reclassified and charged as the service Home Delivery Parcel.

In the event of full capacity at the selected service point or parcel locker, or due to other factors beyond Bring's control, delivery may be made to another service point or parcel locker than the one specified in the EDI.

If the recipient cannot be notified via SMS, email, or app, notification may instead be sent by letter. The collection period is then normally extended to 14 days, and an additional fee will apply.

Business-to-consumer delivery | Home delivery parcel

Home Delivery Parcel

Business-to-consumer parcels with home delivery. In Denmark and Sweden, parcels are delivered during the day (see service Urban Home Delivery for evening delivery), while in Norway and Finland, both daytime and evening deliveries are available.

1. DESTINATIONS

Denmark, Sweden, Norway (only bulk shipment), Finland

2. DIMENSIONS AND WEIGHT

Max. length 200 cm
Max. dim. Length + girth = 300 cm
Max. volume 0.25 m³ per parcel
Min. dim. 15 cm x 10 cm x 1 cm to Denmark, Sweden, Finland
23 cm x 13 cm x 1 cm to Norway and other destinations
Max. weight 35 kg per parcel

For parcels longer than 120 cm (100 cm to Finland), wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added. For parcels to Finland with an actual weight between 25-35 kg, a heavy fee applies.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

4. DELIVERY

4.1 Notification

The recipient is notified via SMS, email, or app. Notification varies depending on the destination/country, see below.

4.2 Delivery procedure

4.2.1 Denmark

Delivery is carried out non-holiday weekdays between 08:00-17:00. A specific day/time cannot be selected. The shipment is delivered to the recipient's door against signature. The recipient is notified when the shipment is on its way and when loaded for delivery.

4.2.2 Sweden

Delivery is carried out non-holiday weekdays between 08:00-17:00. A specific day/time cannot be selected. The shipment is delivered outside the recipient's door without anyone needing to be present to receive or sign for the shipment. The recipient is notified when the shipment is on its way, when loaded for delivery and when the shipment has been delivered outside the door.

4.2.3 Norway

Delivery is carried out non-holiday weekdays and Saturdays, between 08:00-22:00. The shipment is delivered to the recipient's door against signature. The recipient is notified when the shipment is on its way and when loaded for delivery. For deliveries between 17:00-22:00, the recipient is also notified a time window at loaded for delivery, and when the recipient's address is the next stop.

4.2.4 Finland

Delivery is offered both through Bring's network and Posti's network, depending on which terminal the sender has agreed for infeed/routing.

Bring Delivery is carried out non-holiday weekdays between 08:00-17:00. The shipment is delivered to the recipient's door against signature. When the shipment arrives at terminal, the recipient will be notified by phone to book a day/time for delivery.

Posti Delivery is carried out non-holiday weekdays between 09:00-21:00. The shipment is delivered to the recipient's door against signature. When the shipment arrives at terminal, the recipient will be notified to book a day/time for delivery. Notification is mainly done digitally, but in some areas by phone.

4.3 Recipient-selected delivery choices

4.3.1 Recipient-selected Flex Delivery

Delivery without the need for someone to be present to receive or sign for the shipment is available in Denmark and Norway. The shipment is placed at the door or another designated location at the delivery address and registered as delivered.

4.3.2 Redirect to pickup point

Change to delivery via pickup point is available in Denmark, Sweden, and Finland. The parcel is delivered to and handed out via pickup point, in according to the terms of the service PickUp Parcel.

4.3.3 Extended collection period at pickup point

Extended collection period at pickup point for up to a maximum of 14 days is available in Denmark, Sweden, Norway, and Finland.

4.4 Obstacles to delivery

4.4.1 Denmark, Sweden, Norway

If the shipment cannot be delivered, delivery normally takes place to a pickup point for hand-out according to terms of the service PickUp Parcel.

In Denmark and Sweden, parcels over 20 kg or longer than 150 cm cannot be delivered to pickup point. The recipient will be notified and asked to book a new delivery attempt. In Sweden, a fee for new delivery attempt is added.

4.4.2 Finland

If the shipment cannot be delivered, the recipient will be notified to schedule a new delivery attempt. The recipient may also be offered the option to instead collect the parcel at a pickup point.

4.5 Storage time and return

4.5.1 Pickup point

Parcels are normally held for collection for 7 days. Parcels not collected within this time frame are sent in return, at the Customer's expense.

4.5.2 Terminal

After two delivery attempts have been carried out, or if booking of a new delivery attempt has not been received within 14 days from the first arrival registration at the terminal, the shipment is sent in return, at the Customer's expense.

Business-to-consumer delivery | Home delivery parcel with time booking

Urban Home Delivery

Business-to-consumer parcels with home delivery, both day and evening, within a specified time window. With seamless API integration, recipients can select a preferred delivery day and time directly at checkout. In urban areas, the recipient can also track their shipment in real time, from loaded on truck until delivery.

1. DESTINATIONS

Denmark, Sweden

Deliveries to/within Sweden are provided and invoiced by Bring's Swedish company Bring E-commerce & Logistics AB, Västberga Allé 60, SE 126 30 Hägersten, org no. 556546-4939. A special agreement with Bring's Swedish company is required.

2. DIMENSIONS AND WEIGHT

Max. length 200 cm
Max. dim. Length + girth = 300 cm
Max. volume 0.25 m³ per parcel
Min. dim. 15 cm x 10 cm x 1 cm
Max. weight 35 kg per parcel

For parcels longer than 120 cm, wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 200 kg per m³ in Denmark and 280 kg per m³ in Sweden.

4. SELECTION OF DELIVERY DATE AND TIME

Delivery date and time window shall preferably be specified in the EDI when booking, through API calls to Bring's delivery matrix applicable at any time. If delivery date and time window is missing in EDI, the recipient will be notified a date and time window for delivery.

Cancellation or change of a selected or notified delivery date/time window can normally be requested until transport planning of the shipment has been determined. For any cancellation that is made after transport planning has been determined, Bring reserves the right to charge additional fees.

5. DELIVERY

5.1 Delivery procedure

Delivery is carried out non-holiday weekdays and Saturdays, between 08:00-22:00, on the selected/notified date within selected/notified time window. The shipment is delivered to the recipient's door with physical handover and registered as delivered. For signature or ID requirement, additional services are required.

The recipient is notified via SMS, email, or app when the shipment is on its way and at the time of loading for delivery. For deliveries between 17:00-22:00, the recipient is also notified when the recipient's address is the next stop. The recipient's mobile number and email shall be provided in the EDI.

5.2 Recipient-selected delivery choices

5.2.1 Change of delivery date and time window

Change of day/time for delivery. Normally offered until transport planning for last mile has been determined. Change of delivery date and time window can affect the total lead time.

5.2.2 Recipient-selected Flex Delivery

Delivery without the need for someone to be present to receive or sign for the shipment. The shipment is placed at the door or another designated location at the delivery address and registered as delivered.

5.3 Obstacles to delivery

If the shipment cannot be delivered, the recipient will be notified and asked to book a new delivery attempt. A fee for new delivery attempt is added.

5.4 Storage time and return

After two delivery attempts have been carried out, or if the booking of a new delivery attempt has not been received within 14 days from the first arrival registration at the terminal, the shipment is sent in return, at the Customer's expense.

6. ADDITIONAL SERVICES

Additional services	Destinations
ID Verification	Denmark, Sweden
Signature Required	Denmark, Sweden
Social Control	Sweden
Flex Delivery	Denmark, Sweden
Limited Quantities	Denmark, Sweden

7. OTHER

The service is only offered to send parcels as bulk shipment. The parcels shall be picked up on EUR pallet (maximum dimensions/weight per pallet according to terms of the service Business Pallet) marked with routing label.

The Customer can request a change of delivery address no later than 24 hours (weekdays) before planned delivery, otherwise the full shipping price will be charged. A fee for change of address is added. If a change of address entails a longer transport distance than the original one, Bring reserves the right to charge additional fees.

Business-to-consumer delivery | Mailbox parcel

Home Delivery Mailbox

Business-to-consumer parcel with delivery to the recipient's mailbox. This service, offered in collaboration with PostNord, is intended for delivery of small parcels with low product value to consumers in Sweden.

1. DESTINATIONS

Sweden

2. DIMENSIONS AND WEIGHT

Max. length 60 cm
Max. dim. Length + width + height = 90 cm
Min. dim. 14 cm x 9 cm x 1,5 cm
Max. weight 3 kg per parcel

For parcels with one or several sides over 34 cm x 24 cm x 7 cm, a large parcel fee is added.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on actual weight. Volume calculated weight is not applied.

4. DELIVERY

4.1 Delivery procedure

Delivery is carried out on non-holiday weekdays, between 08:00-17:00, to the recipient's mailbox. If the parcel does not fit in the mailbox, it is normally hung in a bag on the mailbox or the recipient's door handle. If the recipient's door is located indoors, the parcel can also be placed outside the recipient's door. This delivery procedure cannot be opted out.

The recipient is notified via SMS, email, or app when the parcel is on its way and upon completed delivery. The recipient's mobile number and email shall be stated in the EDI.

4.2 Obstacles to delivery

If the parcel cannot be delivered to the recipient's mailbox or placed at the mailbox or door, it will be delivered to a pickup point for PostNord.

4.3 Storage time and return

Parcels delivered to a pickup point are normally held for collection for 7 days. Parcels not collected within this time frame are sent in return, at the Customer's expense.

5. OTHER

The service is only offered to send parcels as bulk shipment. The parcels shall be picked up and delivered on a load carrier to a designated terminal for Bring, or letter terminal for PostNord. When delivering to a Bring terminal, parcels shall be packed on EUR pallets, with the option to consolidate with other goods. For delivery to a PostNord letter terminal, parcels shall be packed in letter cages, kept separate from other goods. Each pallet or letter cage shall be marked with a routing label and an A4 flag clearly visible.

Maximum permitted goods value per parcel is EUR 50.

It is not permitted to send limited quantities of dangerous goods with the service Home Delivery Mailbox.

Business-to-consumer delivery | Home delivery of large goods

Home Delivery Curbside | Home Delivery Indoor

Home delivery of large goods, such as white goods and furniture, from business to consumer. Delivery is available both to the curbside outside the recipient's home and directly to a designated indoor location. For indoor delivery, additional services like installation and collection of used goods for recycling can also be booked.

1. DESTINATIONS

Denmark, Sweden

Deliveries to/within Sweden are provided and invoiced by Bring's Swedish company Bring E-commerce & Logistics AB, Västberga Allé 60, SE 126 30 Hägersten, org no. 556546-4939. A special agreement with Bring's Swedish company is required.

2. DIMENSIONS AND WEIGHT

2.1 Maximum dimensions per pallet/unit

Pallet (EUR)	120 cm x 80 cm	height 200 cm
Long pallet	240 cm x 80 cm	height 180 cm
Half pallet	80 cm x 60 cm	height 150 cm
Quarter pallet	60 cm x 40 cm	height 130 cm

For Home Delivery Indoor, in addition to above, a maximum length of 240 cm and a maximum length + girth of 640 cm apply for each unit/parcel to be carried in.

2.2 Maximum weight per pallet/unit

Pallet (EUR)	750 kg
Long pallet	750 kg
Half pallet	400 kg
Quarter pallet	200 kg

For Home Delivery Indoor, in addition to above, a maximum weight of 70 kg applies for each unit/parcel to be carried in.

3. FREIGHT CALCULATION

Freight is calculated per shipment based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 200 kg per m³ in Denmark and 280 kg per m³ in Sweden.

For special goods, shipping is calculated based on the cargo space or number of pallet spaces the goods occupy. Special goods refer to goods which, due to its nature, packaging or other reasons, cannot be loaded with other goods.

The Customer is responsible for stating the correct dimensions and weight for shipments, per unit/parcel. Bring reserves the right to check and correct dimensions and weight, and in case of deviations to correct the shipping price and charge additional fees.

4. SELECTION OF DELIVERY DATE AND TIME

Delivery date and time window shall preferably be specified in the EDI when booking, through API calls to Bring's delivery matrix applicable at any time. If delivery date and time window is missing in EDI, the recipient will be notified and asked to book a date and time for delivery.

5. DELIVERY

5.1 Notification

The recipient is notified when the shipment is on its way and approximately 30 minutes before delivery, in some cases at arrival at the recipient's address. Notification can be made both digitally and by phone. The recipient's mobile number and email shall be stated in the EDI.

5.2 Delivery procedure

Delivery is carried out non-holiday weekdays and Saturdays, between 08:00-22:00, on the selected date within selected time window. The shipment is delivered to the recipient's door with physical handover and registered as delivered. For signature or ID requirement, additional services are required. Normally, only complete shipments are delivered, and no partial deliveries.

5.2.1 Home Delivery Curbside

The shipment is delivered to the curbside or plot boundary.

5.2.2 Home Delivery Indoor

The shipment is carried in and delivered to one and the same place in the home designated by the recipient. The recipient must clear the way for delivery and make sure to protect sensitive floors. Due to work environment reasons Bring's staff keep their shoes on throughout the delivery execution.

5.3 Recipient-selected delivery choices

5.3.1 Change of delivery date and time window

Change of day/time for delivery. Normally offered until transport planning for last mile has been determined. Change of delivery date and time window can affect the total lead time.

5.3.2 Upgrade to Home Delivery Indoor

Upgrade/change from Curbside to Indoor delivery. The shipment is carried in and delivered according to terms for Home Delivery Indoor. Offered for shipments ordered as Home Delivery Curbside in selected areas in Sweden, and carried out after Bring has received payment from the recipient.

5.4 Obstacles to delivery

If the shipment cannot be delivered, the Customer will be contacted to agree on a possible new delivery attempt. A fee for new delivery attempt is added. For delayed or failed delivery that is due to the Customer or the recipient, Bring reserves the right to charge the Customer for storage and any other additional costs incurred.

Bring's staff has the right to cancel a delivery if there is a risk of damage to goods, inventory, property or personal injury, as well as if the vehicle cannot be driven in a traffic-safe and legal manner.

5.5 Storage time and return

If booking of a delivery attempt has not been received within 14 days from the first arrival registration at the terminal, the shipment is sent in return, at the Customer's expense. Five (5) days of intermediate storage is included. From day six (6) a storage fee is added per day until delivery or return of the shipment.

6. ADDITIONAL SERVICES

Additional services	Destinations
Signature Required	Denmark, Sweden
ID Verification	Denmark, Sweden
Installation	Denmark, Sweden (only HD Indoor)
Unpacking	Denmark, Sweden (only HD Indoor)
Swap Return	Denmark, Sweden (only HD Indoor)
Collection for Recycling	Denmark, Sweden (only HD Indoor)
Limited Quantities	Denmark, Sweden

7. OTHER

The Customer is responsible for ensuring, based on Bring's delivery matrix applicable at any time, that the service ordered has a coverage area that includes the scope of the assignment.

The Customer is responsible for all loss and damage that may arise as a result of the Customer's failure to inform the recipient of its obligations in connection with the services and undertakes to indemnify Bring against all costs and claims that may arise as a result thereof.

If a shipment contains special types of goods, the Customer is responsible for any necessary permits and licenses being held and that these, if necessary, accompany the shipment/transport.

Return services | Return from business address

Business Parcel Return/Bulk | Business Pallet Return

Possibility for businesses to return parcels and pallets to the Customer, on behalf of the Customer, with pickup arranged at a business address.

1. AVAILABILITY

1.1 Return of parcels

Return of parcels is offered from Denmark, Sweden, Norway, and Finland, with the service Business Parcel Return (0331), or Business Parcel Return Bulk (0333) for parcels that are to be collected at a terminal and returned as bulk shipment.

Important: For return pickups in Norway, the return sender must have a separate agreement for pickup with Posten Bring in Norway. If no such agreement is in place, the return sender is referred to return via service point.

1.2 Return of pallets

Return of pallets is offered from Denmark, Sweden, Norway, and Finland, with the service Business Pallet Return (0337). The solution is only available for a low quantity of EUR pallets 120 x 80 cm. Half pallets and quarter pallets are permitted (except quarter pallets from Norway), but charge is always done as EUR pallet 120 x 80 cm.

2. DIMENSIONS AND WEIGHT

2.1 Parcel

Max. length 200 cm
Max. dim. Length + girth = 300 cm
Max. volume 0.25 m³ per parcel
Min. dim. 15 cm x 10 cm x 1 cm from Denmark, Sweden, Finland
23 cm x 13 cm x 1 cm from Norway
Max. weight 35 kg per parcel

For parcels longer than 120 cm, wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added.

2.2 Pallet

Max. dim. 120 cm x 80 cm x 200 cm (L x B x H)
Max. weight 750 kg per pallet

From Finland zones 2-5, the maximum height is 180 cm. See zone table in regular price list for Business Pallet.

3. FREIGHT CALCULATION

3.1 Parcel

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

3.2 Pallet

Freight is calculated per pallet. Volumetric weight is not applied.

4. MARKING AND LABELING

Each shipment must be provided with a complete shipping document. The Customer is responsible for providing the return sender with the shipping label, either in advance or when the need for return arises. The validity period for a produced return label is 90 days.

For returns sent across a customs border, Bring performs customs declaration based on the attached customs documents. If the Customer can prove the return and present an export invoice with date/customs ID, there is a possibility for a VAT-free return.

5. BOOKING

5.1 Standard booking

EDI can be created and transmitted to Bring either in advance or when the need for return arises. The shipment shall be generated and booked via Mybring. Pickup shall be booked via Mybring or through Bring's customer service in the country from which the return will be sent.

5.2 Manual booking with additional service AdHoc Pickup

For booking with additional service AdHoc Pickup, Bring generates and transfers the EDI for the Customer and produces the shipping label. Booking shall be made via a standardized order form to Bring's customer service in the country from which the return will be sent. Normally, the driver brings the shipping label at pickup. Alternatively, upon agreement, the label can be sent to the Customer via email, in which case the Customer is responsible for providing the return sender with the shipping label.

6. PICKUP

6.1 Pickup procedure

Pickup is made non-holiday weekdays during daytime. Someone needs to be present at pickup for physical handover of the return shipment. Pallet returns can be picked up no earlier than one weekday after booking, provided the booking is received by Bring before 12:00 PM.

6.2 Unsuccessful pickup

One (1) pickup attempt is included. In case of an unsuccessful pickup due to the Customer or the return sender, the assignment is considered completed. For such unsuccessful pickups, Bring reserves the right to charge additional fees. A new booking is required for a new pickup attempt.

7. DELIVERY

Delivery is made to the Customer's return address according to delivery terms of the service Business Parcel. Delivery of bulk returns and pallets are carried out according to terms of the service Business Pallet.

8. ADDITIONAL SERVICES

Additional services	From
AdHoc Pickup	Denmark, Sweden, Norway, Finland
Limited Quantities	Denmark, Sweden, Norway, Finland
Cargo Insurance	Denmark, Sweden, Norway, Finland

Return services | Return via service point or parcel locker

PickUp Parcel Return/Bulk | Business Parcel Return/Bulk

Possibility for consumers and businesses to return parcels to the Customer, on behalf of the Customer, with drop-off at a service point or parcel locker.

1. AVAILABILITY

1.1 Return from consumers

Consumers can return parcels via service point or parcel locker in Denmark, Sweden, Norway, and Finland, with the service PickUp Parcel Return (0341), or PickUp Parcel Return Bulk (0343) for parcels that are to be collected at a terminal and returned as bulk shipment.

1.2 Return from businesses

Businesses can return parcels via service point or parcel locker in Denmark, Sweden, and Norway, with the service Business Parcel Return (0331), or Business Parcel Return Bulk (0333) for parcels that are to be collected at a terminal and returned as bulk shipment.

2. DIMENSIONS AND WEIGHT

Max. length 200 cm from Norway, Finland
150 cm from Denmark, Sweden

Max. dim. Length + girth = 300 cm

Max. volume 0.25 m³ per parcel

Min. dim. 15 cm x 10 cm x 1 cm from Denmark, Sweden, Finland
23 cm x 13 cm x 1 cm from Norway

Max. weight 35 kg per parcel from Norway, Finland
20 kg per parcel from Denmark, Sweden

For parcels longer than 120 cm (100 cm from Finland), wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added. For parcels from Finland with an actual weight between 25-35 kg, a heavy fee applies.

3. FREIGHT CALCULATION

Freight is calculated per parcel based on shipping weight, i.e., the highest value of actual weight and volumetric weight. The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

4. MARKING AND LABELING

Each shipment must be provided with a complete shipping document. The Customer is responsible for providing the return sender with a shipping label, either in advance or when the need for return arises. The validity period for a produced return label is 90 days.

For returns sent across a customs border, Bring performs the customs declaration based on the attached customs documents. If the Customer can prove the return and present the export invoice with date/customs ID, there is a possibility for a VAT-free return.

4.1 Parcels with additional service Label Free

With additional service Label Free, the parcel does not need to be marked with a shipping label before drop-off at the service point or parcel locker. For parcels handed in to a service point, the sender should present a QR code for printing the shipping label at the service point. For parcels handed in to a parcel locker, the sender should write a numeric label free code directly on the parcel.

5. DROP-OFF

5.1 Drop-off via service point

Drop-off is made to a service point for Bring. Confirmation of the parcel handed in is sent via email or SMS.

5.2 Drop-off via parcel locker

Drop-off via a parcel locker for Bring is available for parcels up to 58 x 49 x 43 cm. Booking of the compartment and drop-off is made through the sender's user account in Bring's app. Confirmation of the parcel handed in is received in the app.

6. DELIVERY

Delivery is made to the Customer's return address according to delivery terms of the service Business Parcel. Delivery of bulk returns are carried out according to terms of the service Business Pallet.

7. ADDITIONAL SERVICES

Additional services	From
Label Free	Denmark, Sweden
Limited Quantities	Denmark, Sweden, Norway, Finland
Cargo Insurance	Denmark, Sweden, Norway, Finland

Return services | Return from home address

Home Delivery Parcel Return | Return Home Delivery | Return Curbside/Indoor

Possibility for consumers to return parcels to the Customer, on behalf of the Customer, with pickup arranged at a private home address. The service, available in Sweden and Denmark, is intended for parcels and large goods that cannot be returned via service point or parcel locker due to bulky dimensions or weight.

1. AVAILABILITY

1.1 Return of parcels

Return of parcels from home address is offered from Denmark and Sweden, with the service Home Delivery Parcel Return (0348) or Return Home Delivery (2778).

1.2 Return of large goods

Return of large goods, such as furniture and appliances, from home address is offered from Denmark and Sweden, with the service Return Indoor (3578) or Return Curbside (3577).

Returns from Sweden booked with the services Return Home Delivery, Return Indoor and Return Curbside are provided and invoiced by Bring's Swedish company, Bring E-commerce & Logistics AB, Västberga Allé 60, SE 126 30 Hägersten, org no. 556546-4939. A special agreement with Bring's Swedish company is required.

2. DIMENSIONS AND WEIGHT

2.1 Parcels

Max. length	200 cm
Max. dim.	Length + girth = 300 cm
Max. volume	0.25 m ³ per parcel
Min. dim.	15 cm x 10 cm x 1 cm
Max. weight	35 kg per parcel

For parcels longer than 120 cm, wider than 60 cm or with one/several sides below the minimum dimensions, a special handling fee is added.

2.2 Large goods (maximum per pallet/unit)

Pallet	120 cm x 80 cm	height 200 cm	750 kg
Long pallet	240 cm x 80 cm	height 180 cm	750 kg
Half pallet	80 cm x 60 cm	height 150 cm	400 kg
Quarter pallet	60 cm x 40 cm	height 130 cm	200 kg

For the service Return Indoor, in addition to the above, the maximum length is 240 cm and length + girth is 640 cm, and the maximum weight 70 kg, per unit/parcel.

3. FREIGHT CALCULATION

Freight is calculated per parcel, or for large goods per shipment, based on shipping weight, i.e., the highest value of actual weight and volumetric weight.

3.1 Home Delivery Parcel Return

The volumetric weight is calculated based on a conversion factor of 250 kg per m³.

3.2 Return Home Delivery, Return Indoor, Return Curbside

The volumetric weight is calculated based on a conversion factor of 280 kg per m³ from/within Sweden and 200 kg per m³ from/within Denmark.

3.3 Special Goods (applies only to large goods)

For special goods, freight is calculated based on the cargo space or the number of pallet spaces occupied by the goods. Special goods refer to items that, due to their nature, packaging, or other reasons, cannot be consolidated with other goods.

4. MARKING AND LABELING

Each shipment must be provided with a complete shipping document. In Denmark the Customer is responsible for providing the recipient with a shipping label, either in advance or when the need for return arises. In Sweden Bring normally provides a return label, which is brought at the time of pickup. The validity period for a produced return label is 90 days. For returns sent across a customs border, Bring performs the customs declaration based on the attached customs documents. If the Customer can prove the return and present the export invoice with date/customs ID, there is a possibility for a VAT-free return.

5. BOOKING

5.1 Denmark

EDI can be created and transmitted to Bring either in advance or when the need for return arises. Pickup should be booked separately through Bring's customer service in Denmark, and the desired pickup date should also be specified. If no specific date is provided, the recipient will receive a proposal and be asked to choose a pickup date.

5.2 Sweden

EDI should be created and transmitted only when the need for return arises, not in advance during the booking of outgoing shipment. No separate booking for pickup should be made. A pickup assignment is automatically created when Bring receives EDI.

6. PICKUP

6.1 Notification

The return sender is notified digitally, primarily via SMS. Mobile number and email shall be provided in EDI. In case of incomplete notification details in EDI, Bring reserves the right to charge additional fees.

6.1.1 Sweden

Once the pickup assignment is created, the recipient is notified and requested to book a date and time window for pickup. If the recipient does not respond to the booking, up to two reminders are sent. After that, the customer is contacted to provide correct notification details or other instructions.

6.2 Pickup procedure

Pickup of parcels is made at the recipient's door. Heavier goods are either picked up from a specified location inside the recipient's home (Return Indoor) or at the curbside or plot boundary (Return Curbside). Someone needs to be present at the pickup location for physical handover of the shipment. The customer is responsible for ensuring that the recipient makes the parcel or goods accessible to Bring at the pickup location and that the shipment is properly packaged, labelled, and ready for transport.

6.2.1 Denmark

Pickup is made non-holiday weekdays between 08:00-17:00, normally on the date specified at booking.

6.2.2 Sweden

Pickup is made non-holiday weekdays and Saturdays, between 08:00-22:00, on the selected date and within the selected time window, according to Bring's applicable route matrix.

6.3 Unsuccessful Pickup

One (1) pickup attempt is included. In case of an unsuccessful pickup due to the Customer or the return sender, the assignment is considered completed. For such unsuccessful pickups, Bring reserves the right to charge additional fees. A new booking is required for a new pickup attempt.

7. DELIVERY

7.1 Parcel

Delivery is made to the Customer's return address according to terms of the service Business Parcel. Delivery of bulk return shipments are carried out according to terms of the service Business Pallet.

7.2 Large goods

Delivery is made to the Customer's return address according to agreement. A fixed agreed-upon return address is required.

8. ADDITIONAL SERVICES

Additional services	From
Limited Quantities	Denmark, Sweden
Cargo Insurance	Denmark, Sweden (only Home D. Parcel Return)
Swap Return	Sweden, Denmark (only Return Indoor)
Collection for Recycling	Sweden, Denmark (only Return Indoor)

Additional services

Additional services to customize deliveries according to varying needs and conditions. The following outlines terms and descriptions of how each additional service enhances or modifies the standard execution of the selected main service.

1. GENERAL ADDITIONAL SERVICES

1.1 Optional Pickup Point (0010)

Delivery to optional service point. Selected via connection and calls to API. This additional service allows e-commerce retailers to offer delivery to any chosen pickup point directly during the checkout process.

1.2 Pickup Locker (0011)

Delivery to parcel locker. Selected via connection and calls to API. This additional service allows e-commerce retailers to offer delivery to any chosen parcel locker directly during the checkout process.

1.3 ID Verification (1133)

Valid ID must be presented upon delivery. A person other than the specified recipient can also receive the shipment and show ID. Any possibility for Flex Delivery and delivery against power of attorney is blocked. For B2B parcels redirection to pickup point is also blocked.

1.4 Individual Verification (1134)

Delivery only to the specified recipient in EDI, against presentation of valid ID. In Sweden, delivery to another person is accepted if they present both their own ID and the specified recipient's ID. Any possibility for Flex Delivery and delivery against power of attorney is blocked. For B2B parcels redirection to pickup point is also blocked.

1.5 Signature Required (1280)

Signature is required upon delivery. A person other than the specified recipient can also receive the shipment and sign for it. Any possibility for Flex Delivery and delivery against power of attorney is blocked. For B2B parcels redirection to pickup point is also blocked.

1.6 Social Control (1082)

ID check for alcohol delivery. Mandatory additional service for alcohol delivery to consumers in Sweden, through distance sales from another EU country. Valid ID must be presented upon delivery. Verification of recipient's legal drinking age (20 years), general condition, etc. is performed.

1.7 Flex Delivery (0041)

The shipment is delivered outside the recipient's door or at another specified location on the delivery address, without anyone needing to be present to receive or sign for the shipment. Any entry code or intercom information, required to access the delivery location, should be provided in EDI.

At delivery Bring registers the shipment as delivered, which is considered sufficient proof of delivery. Bring may also take a photo documenting that delivery has been made. Once the shipment has been delivered in this manner, the goods and their packaging are considered to have been in visibly good condition. Bring is not responsible for damage or loss occurring after delivery.

1.8 Delivery Indoors (0039)

The shipment is carried to a specified location according to delivery instructions in the EDI. Indoor delivery service is provided to the same specified location, regardless of the number of parcels to be delivered.

When the additional service is combined with the service Business Pallet, the pallet is split, and each parcel is carried to the specified location. Each parcel on the pallet is allowed a maximum weight of 35 kg. The packaging and the pallet are returned to Bring's terminal and recycled.

- To perform indoor delivery, the path to the specified location must be clear and free from obstacles, and for deliveries more than four (4) floors up, an elevator must be available.
- The recipient is responsible for protecting any fragile floors.
- If the conditions are not met, the shipment will be delivered without delivery indoors.
- Any additional delivery attempts (in case of delivery obstacles at the first delivery attempt) will be made without delivery indoors.

1.9 Cash On Delivery (0051)

Delivery against payment. Upon delivery, the recipient is required to pay the COD amount specified by the sender. Additional information on applicable terms and rules regarding labelling, documentation, and amount limits, are available upon request.

1.10 Two Delivery Attempts (1179)

Two delivery attempts in Norway. This additional service means that up to two delivery attempts are made for parcels to businesses in Norway, instead of the standard one delivery attempt. Charge for this additional service occurs only when a second delivery attempt has been made.

1.11 E-Advising (0091)

Notification to business recipients via email or SMS. Notifications are sent on two occasions: when the shipment is ordered (EDI delivered to Bring) and when the shipment is loaded for delivery.

1.12 Telephone Notification (1149)

The driver calls the recipient approximately 30-60 minutes before delivery. One (1) notification attempt is made. A delivery attempt is made even if the recipient cannot be reached by phone. Any additional delivery attempt (in case of delivery obstacles at the first delivery attempt) will be made without telephone notification.

1.13 Delivery Notification to Sender (1094)

Electronic delivery confirmation sent to the sender via email or SMS. The confirmation is sent when the shipment has been delivered/handed over.

1.14 Label Free (1288)

Drop-off of parcel to service point or parcel locker without the need for the parcel to be marked with a shipping label in advance. For parcels handed in to a service point, the sender should present a QR code for printing the shipping label at the service point. For parcels handed in to a parcel locker, the sender should write a numeric label free code directly on the parcel.

If a service point cannot print the shipping label, the sender is instead asked to write a numeric label free code directly on the parcel. If the sender does not have access to the parcel's label free code, the service point can provide this to the sender based on the parcel's QR code.

1.15 Limited Quantities (0003)

Mandatory additional service for shipments containing limited quantities of dangerous goods according to applicable regulations.

- Limited quantities of dangerous goods are not allowed to non-bridged islands, except for shipments to Gotland (SE).
- The sender is responsible for ensuring that the goods are shipped as limited quantities of dangerous goods and in the intended quantity, as well as for proper packaging and markings.
- Transport of limited quantities of dangerous goods where part of the transport occurs by boat (e.g., delivery to/from Finland, Faroe Islands, Greenland, Iceland) is subject to regulations for maritime transport of dangerous goods according to the IMDG Code. Special labelling and additional declarations for dangerous goods are required.

1.16 Cargo Insurance (0068)

Additional insurance for the possibility of compensation beyond the provisions of NSAB (Nordic Association of Freight Forwarders' General Conditions). The insurance is arranged through Bring, which acts as the intermediary of the insurance. The insurer is First Marine AS.

As standard, the insurance is arranged per shipment. Upon request, Cargo Insurance can also be arranged as an annual insurance to cover all transports for a specific Customer or customer number throughout the year.

Compensation is based on the full actual value of the goods and does not involve any deductible. The value of the goods should include the invoiced value, freight, insurance policy, and any profit and customs. Maximum compensation is 100,000 SEK per parcel or 1,000,000 SEK per pallet.

Cargo Insurance can be arranged for most permissible types of goods, except for mobile phones and alcohol, to most countries, with some exceptions such as Iran, Iraq, and Afghanistan. For more information, refer to Bring's website, where there is also a link to the insurance company's website (first.dk) for complete details on insurance terms and conditions.

2. ADDITIONAL SERVICES FOR HOME DELIVERY INDOOR

2.1 Installation

Assembly and installation can be booked as an additional service for several product types, in combination with the service Home Delivery Indoor.

When ordering an indoor delivery with installation, the following is included:

- Carry-in to the designated and prepared place in the recipient's home
- Unpacking, assembly and installation of the product, according to the product's user manual, including connection to existing power outlets or socket box, and connection to water/drainage
- If necessary, easier drilling of holes in cabinets for e.g., hoses and water locks, but no other carpentry work
- Function control of the product
- Removal of packaging and any cargo carriers

As a supplemental additional service, collection of an old/used product can also be ordered, see additional service "Collection for Recycling".

2.1.1 Connection of electricity and water/drainage

Electricity is only connected to an existing power outlet or socket box with intended voltage for the product. Wiring for new outlets or moving of existing ones is not included. The product is connected to electricity with the connection cord that comes with the product, or with the cord from a previous product if the installer deems this to be compatible and in good condition. Power outlets and connection cords must be accessible after installation to separate the product from electricity.

Water and drainage are connected only to existing connections and sewers. Any plumbing work is not included. Extension of drain hoses is permitted only when installing the product in a wet area with a floor drain.

2.1.2 Installation of fridge, freezer, dishwasher

The product must not be placed more than 1.2 meters from the intended power outlet or socket box. The power outlet for connection of a dishwasher must be in a different space than the installation space, minimum 300 mm above the floor. An undamaged and waterproof underlay/leak protection must be placed under the product. The recipient is responsible for ensuring that such an underlay is available at installation.

2.1.3 Installation of stove, hob, oven, built-in microwave

The product must not be placed more than 0.5 meters from the intended power outlet or socket box.

2.1.4 Installation of washing machine, dryer

The product must not be placed more than 1.2 meters from the intended power outlet or socket box. When installing a washing machine and tumble dryer in pillar mounting, the recipient is responsible for ensuring that an intended mounting kit is available at installation. It is not permitted to use raised plinths for column mounting. When installing an exhaust air tumbler, the air hose is connected to the exhaust air duct, if there is one.

2.1.5 Installation of TV

The TV antenna/input signal is connected to an existing outlet. An auto search for channels is performed and previously connected products, e.g., game console, media player etc. are connected to the TV. When installing a TV on a wall, the recipient is responsible for ensuring that the wall is suitable for such installation, and that a suitable wall bracket and any other accessories are available at installation. Wall mounting of TV can be refused if the installer judges that the wall is not sufficiently robust for such mounting.

2.1.6 The recipient's responsibility

The Customer is responsible for ensuring that the recipient is informed of and complies with their responsibilities when providing installation.

- The place for installation shall be suitable and prepared for installation, which includes that the product must fit and that the requirements for the placement of power outlets and connections for water/drainage are met.
- The length of cords and hoses must be sufficient for the installation.
- Any accessories required for the installation, which are not included with the product as standard, must be available at installation.

2.1.7 Other conditions for installation

Bring reserves the right to cancel/interrupt the installation if the conditions for installation are not met. In cases where installation cannot be carried out or completed, and the responsibility for this lies with the recipient or their equipment, Bring reserves the right to still charge for installation. In the case of electrical installation, the installer is obliged to interrupt the work if this can be considered dangerous, contravenes regulations in law, cause damage to persons or the environment or otherwise cannot be considered appropriate.

Bring's liability for possible material and personal damage when providing installation services in Sweden shall be limited to an amount corresponding to one (1) price base amount according to the Social Insurance Code (2010:110) per damage.

2.2 Unpacking (1139)

Unpacking of one (1) product, e.g., an appliance. The outer packaging of the shipment and any cargo carrier(s) are taken back to the terminal for recycling/destruction. The additional service is only offered with Home Delivery Indoor. The recipient is responsible for ensuring that there is enough room for the unpacking.

2.3 Swap Return (1122)

Return of a product upon delivery of a replacement product of the same type, e.g., in case of warranty matters for the Customer. The product is taken back to terminal and sent in return to the Customer. The additional service is only offered with Home Delivery Indoor when also booking a return shipment corresponding to the same service level as the outgoing shipment and must be added on both the outgoing shipment and the return shipment.

The product must be prepared for transport. If the new delivery is carried out with installation, uninstallation of the return product is included, otherwise the recipient is responsible for uninstallation, packaging and making the product available for Bring at the location of delivery. Bring normally provides a return label, which is brought at the time of delivery/pickup.

2.4 Collection for Recycling (1123)

Removal of a used product upon delivery of a new product of the same type. The used product is taken back to the terminal for recycling. The additional service is only offered with Home Delivery Indoor when also booking a return shipment corresponding to the same service level as the outgoing shipment and must be added on both the outgoing shipment and the return shipment.

The product must be prepared for transport. If the new delivery is carried out with installation, uninstallation of the return product is included, otherwise the recipient is responsible for uninstallation, packaging and making the product available for Bring at the location of delivery. Bring normally provides a return label, which is brought at the time of delivery/pickup.
